Ho-Me-I-Ku seminar in Australia on July 25th and 26th was a great success!

It was a powerful story
and an hour and half
went fast.

The experiment video was very
interesting. I felt Mr. Hara's passion
and got energized to put ideas into
practice. Thank you for the seminar.

The messages were clear, and I was
impressed. Thank you.

Thank you for the opportunity to
learn about the Japanese
education in Australia. I'd like to
apply the knowledge in interactions
with my children and at work.

• It was interesting.
• I look forward to another
seminar in November.

I'm glad I came to the seminar because I feel
energized now although I was busy with work and
exhausted. You have a wonderful job to respect
people's feelings and inspire them.

I'm proud of Mr. Hara
who is the same age
as me and succeeding
in Japan and abroad.
I hope Ho-Me-I-Ku
and your thoughts will
reach more people in
the world!!
